

## North Carolina Lung Cancer Partnership

The North Carolina Chapter of the National Lung Cancer Partnership was originally founded in 2006 as North Carolinians Against Lung Cancer. In 2008, the group became the first regional chapter of the National Lung Cancer Partnership, the only national non-profit lung cancer organization founded by physicians and lung cancer advocates.

**Lung Cancer is the  
NUMBER ONE  
Cancer Killer**

### **Mission**

We are committed to decreasing deaths due to lung cancer and helping patients live longer and better lives through research, awareness and advocacy.

### **Membership**

Our members are a dedicated group of healthcare professionals, lung cancer advocates and survivors who organize a *Free to Breathe™* 5K Run/Walk and other events to promote awareness and funding of lung cancer.
